JSTOR is a digital library of academic journals, books, and primary source objects. JSTOR helps people discover, use, and build upon a wide range of content through a powerful research and teaching platform, and preserves this content for future generations. JSTOR is part of ITHAKA, a not-for-profit organization that also includes Ithaka S+R and Portico. For more information about JSTOR, please contact support@jstor.org.

appropriation. In addition thereto, all fines and penalties recovered hereunder shall be paid into the State Treasury and shall constitute a special fund for the use and purposes of the State board of health as herein enacted.

Ophthalmia Neonatorum—Prevention of. (Reg. Bd. of H., Aug. 12, 1915.)

1. Every physician, surgeon, obstetrician, midwife, nurse, maternity home or hospital required to report to the local health officer the condition defined as inflammation of the eyes of the new born, in an act entitled "An act for the prevention of blindness from inflammation of the eyes of the new born, designating certain powers and duties and otherwise providing for the enforcement of this act," passed May 19, 1915, shall make such report in writing. Said written report shall give the name and address of the reporting physician, surgeon, obstetrician, midwife, nurse, maternity home or hospital, the name, sex, age in days, and address of the infant afflicted with inflammation of the eyes of the new born, together with the name of the mother of such infant, provided that in the case of any unnamed infant so afflicted the designation "unnamed" shall be written in lieu of a given name.

2. If, in the opinion of the reporting physician, surgeon, obstetrician, midwife, nurse, maternity home, or hospital, the conditions of the case so require, in addition to the written report, an immediate notice of such case shall be given to the health officer in the most rapid manner available.

3. Upon receipt of a written report of a case of inflammation of the eyes of the new born the local health officer shall immediately write on the report the date and hour of the receipt of the report, together with his own signature, and shall make a permanent record of the case for the use of the local health department. The original written report shall be thereafter forwarded at once by mail to the State department of health.

4. Parents, relatives, and other persons required to report a case of inflammation of the eyes of the new born shall make such report to the health officer in the most rapid manner available. Each case so reported to the health officer, and any other case coming to his attention otherwise than by the written reports as provided above, shall be reported in writing to the State department of health by the health officer. Such report from the health officer shall give the name and address of the person who first notified the health officer of the case, or a statement as to the health officer's source of information concerning the case, together with the name, sex, age in days, and address of the infant afflicted with inflammation of the eyes of the new born and the name of the mother of such infant, provided that in the case of any unnamed infant so afflicted the designation "unnamed" shall be written in lieu of a given name.

5. The local health officer shall forward by mail to the State department of health on blanks provided for the purpose a report of the investigation and history of each and every case of inflammation of the eyes of the newborn reported to him or coming to his attention, said report to be submitted as soon as practicable.

6. Between the 1st and 6th of each month the secretary and executive officer of the State board of health shall certify to the treasurer of State the name and address of every physician, surgeon, obstetrician, midwife, nurse, maternity home or hospital from whom one or more, the number to be specified, written reports of cases of inflammation of the eyes of the newborn, submitted in full compliance with statute and rules and regulations of the State board of health, have been received by the State department of health during the preceding month.

[These regulations were effective Aug. 20, 1915.]
